Fiscal Year 2016-2017

Report to Our Community

JULY 1, 2016-JUNE 30, 2017

Culture. Commerce. Community.

These are the three pillars of the Morean Arts Center, a home for artists and a creative engine powering our region's arts and cultural vitality.

Community is, was, and will always be the heart and soul of the MAC: our artist members, teaching artists, generous supporters, our many community partners, and the tens of thousands of people from all walks of life who come through our door each year to discover the artist within.

Numbers are one of the many languages that we use to tell our story—as you see here. It's a story of accountability and stewardship that we're proud to share.

More difficult to measure are the powerful moments when a young person discovers the artist within him or her self during summer camp. Or when an artist is encouraged to try a new idea, and has a breakthrough moment exploring a new technique or idea in her studio practice. Or when a visitor simply finds joy, solace and inspiration from the art in our galleries.

Every day, in measures large and small, the MAC generates a transformative impact on individual lives, on professional artist careers, and in our community.

Thank you for being a part of this journey, and for believing in our work. Our pledge is to serve our community with accountable stewardship of this extraordinary community asset. I hope that you will continue to help us chart the course for a bright artistic future!

Sincerely,

Michael Killoren
CEO/Executive Director
